Supporting the EOSC Executive Board and Working Groups

The **EOSC Executive Board** is formed by 8 representatives of Pan-European research e-infrastructures plus 3 individual experts, nominated by the EC

The EOSCsecretariat.eu provides support the EOSC Governance by:

- Organising **monthly EB meetings** and periodical team building meetings with the EOSC Executive Board
- **Regularly publishing and disseminating results** and outputs
- Collecting feedback from the EOSC Stakeholders
- Organising **EOSC Stakeholder events** to engage the community
- Disseminating results and informing the broader public about developments in the EOSC

EOSC Sustainability WG
Chair:
Rupert Lueck (EMBL)

ESFRI representative in the
EOSC Executive Board:
Ron Dekker (CESSDA ERIC)

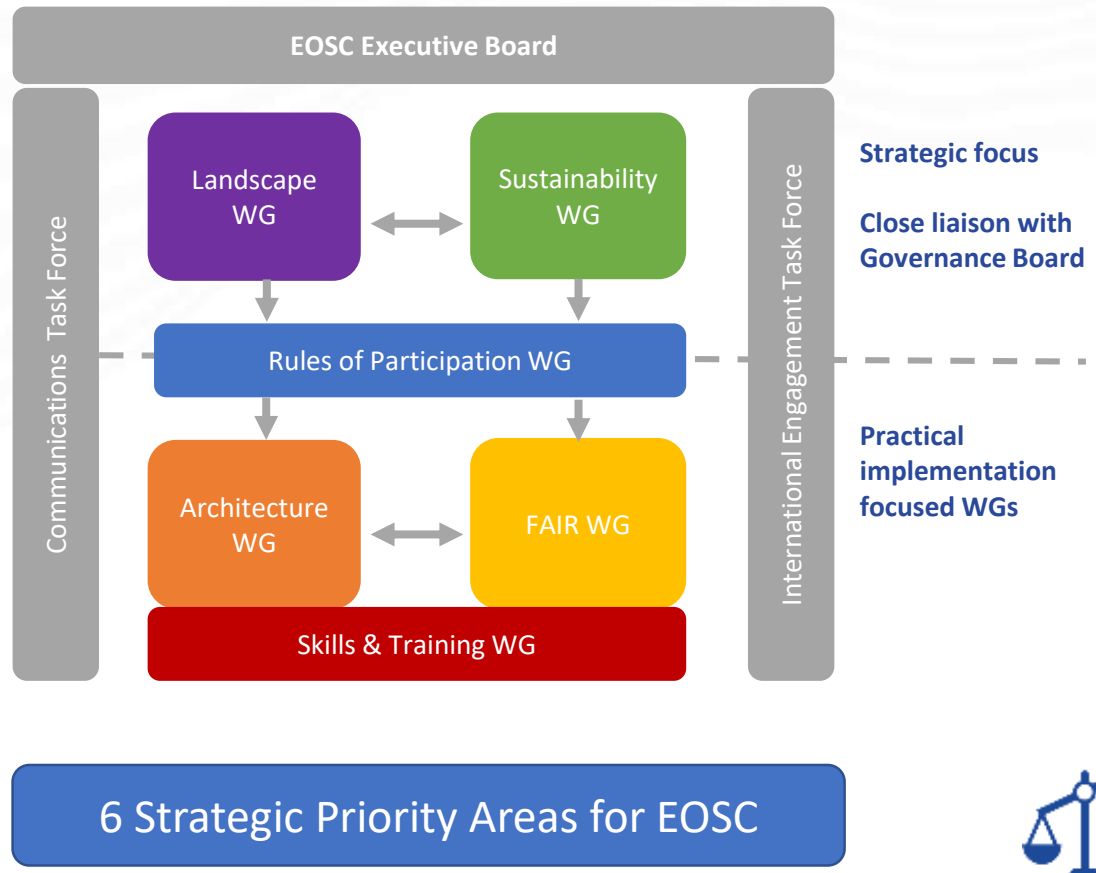

The main objectives and the timeline for the EOSC Executive Board and Working Groups in 2019-2020 are defined in the following 2 documents:

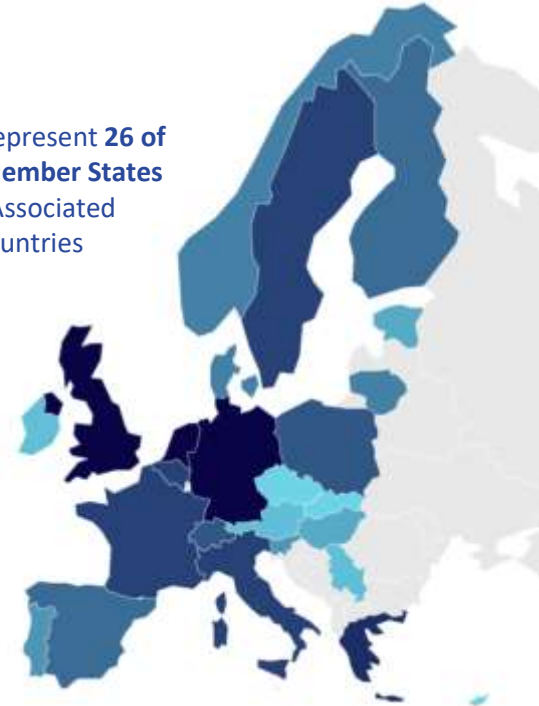

- [EOSC Strategic Implementation Plan](#)
- [EOSC Workplan](#)

EOSC Working Groups in numbers

How can you contribute to the EOOSC Working Groups?

- Submit your project outputs to the EOOSC WGs
 - Contact the EOOSCsecretariat at info@eoscsecretariat.eu
 - Liaise with the EOOSC Governance through your project representatives in the allprojects@eoscsecretariat.eu mailing list
 - Directly contact the WG at their public emails
 - Inform the WGs about the most relevant contacts in your project/organisation
- Join the EOOSC Working Groups
 - Nominate a project representative to join the **Architecture** or **Skills&Training** WGs
 - Join a WG meeting **as invited contributor**
- Join the EOOSC Stakeholder Forum events as the EOOSC Symposium
- Provide feedback on open consultations on the WG outputs
- Discuss Horizontal topics through the EOOSC Interest Groups

The **Architecture** and **Skills & Training WG** are currently accepting nominations from the EOOSC Projects

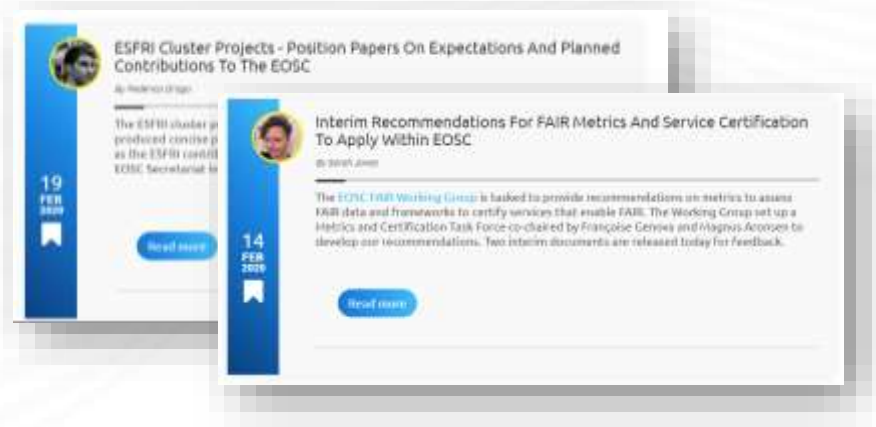

Architecture WG representative:
Steven Newhouse (EMBL-EBI)

Test Science Projects – Multidisciplinary TSPs

- **Drive Use-Cases across Clusters** : New & not currently in the pipeline or planned with the existing Clusters
 - Run **multidisciplinary use cases** across the boundaries between the clusters
 - Peer reviewed to ensure excellence, neutrality & transparency
- **Data**: Exploring Data Resources within EOSC
- **Cross-Clustering**: Provide exemplars on **cross-domain working** point to solutions that are applicable across domains to involve the scientific community & the EOSC concept implementation
- **Which models of Resource effort could be considered?**
 - Proposal for VREs & TSP Concepts
 - SW platforms, Support to SW Developers & Researchers & Post-doc
 - Deployment of Data-Sharing Tools & Platforms
 - *(Source: Part of the establishment of EU-wider common interoperable data spaces) (*)*
 - Aggregating Data Test Cases
 - Hackathons
 - Adopting native-cloud architectures
 - Other

Idea to pull out some cross-cluster use cases in the next 6 to 8 months to demonstrate in Q4 2020

Practical Example
Plans within **EOSC-Life** exposing life science data resources EOSC
Connect them with tools that are deployed **in compatible clouds across Europe** and then open this up for partnership
